RULES.

1.—The Hospital is available for the benefit and accommodation of the Poor when suffering from disease or accident which cannot be treated adequately in their own homes. Subject always to the complete fulfilment of this, the primary object of the Institution, the Hospital is also open for the reception of a limited number of private patients. But no cases of Infectious or Contagious Disease shall be admitted.

2.—That the benefits of the Hospital shall be open to patients from Cirencester and neighbouring Parishes; provided that in the discretion of the Committee sufficient accommodation be secured for the town of Cirencester and its suburbs.

3.—The Annual cost of Nursing, Medicine, Fuel, Light, and other necessary expenses, embracing every requisite for the inmates except personal Clothing, shall be provided by Donations, Annual Subscriptions, and Fees from patients. (Subject to the provision of Rule 11.) Patients shall bring with them a deposit of 5s. each, and shall make weekly to the Matron the payments at which they shall be assessed by the House Committee, which shall never be less than 6d. a day. Patients admitted under the weekly contributory scheme as free patients are excepted from the conditions in the last paragraph.

4.—The Admission of Patients, the subject of accident or disease, the attendance on whom entitles the Medical Attendant to special fees or extra payment from the Poor Law Authorities, an Insurance Company, Insurance Committee, Benefit Society or other similar body, shall not prejudice the Medical Attendant's claim for such special fees or extra payments; but that members of the Medical Staff making such claims be asked to communicate to the House Committee their intention so to do, in order that the Hospital assessment may be considered in the light of such claims.

5.—The Establishment shall consist of a Matron and Staff, who shall be appointed by the Committee, and who shall have such further assistance as may be necessary.

6.—The Committee (any five of whom shall form a quorum) shall include the Patron, Trustees, Secretary, Treasurer, and Medical Officers, as *ex-officio* members, and not less than twelve Members who shall be elected at the Annual General Meeting by Subscribers of not less than 10s. 6d. (each having one vote only).

7.—In order to afford direct representation to subscribers under the scheme of Workers' Weekly Contributions, they are invited annually to nominate six persons to be added to the Committee, three nominated by the Trade and Labour Council, and three representative employers.

8.—The Medical Department shall consist of those Medical gentlemen resident in the Town, who shall have been duly appointed by the Committee. Each Medical Officer, if he is willing to serve, shall be in charge of the Hospital for one month in rotation during which time he shall be in full authority and absolutely responsible to the Committee, for the entire control of the medical and surgical arrangements and staff, and at the end of his term of office submit a report dealing with any matters relating to the efficiency of the Hospital that he considers should be brought to the notice of the Committee.

9.—The Committee shall meet immediately after the Annual General Meeting of Subscribers and appoint six of their number to act as a House Committee, three of whom shall form a quorum. Their duties will be to superintend the general business of the Hospital and act in conformity with the Bye-laws made by the Committee of Management. The following shall be *ex-officio* Members of this Committee: The Chairman, Vice-Chairman, the Hon. Treasurer, the Hon. Secretary, and the Medical Officer in charge.

10.—A Meeting of the Committee shall be held on the first Tuesday in each month, at 12 o'clock, or at such time as they may agree, to receive reports from the House Committee and the Medical Officer in charge, and for general business. At such Meeting the Committee shall appoint the Medical Officer for the ensuing month.

11.—Applications for admission on the forms provided for that purpose shall be made to the House Committee at their weekly meetings, which (with the Medical Officer in charge) shall decide whether the case is fit for admission. In case of severe accident or urgency, previous application may be dispensed with, and admission may be granted by any one of the Medical Officers: but subject to the concurrence of the Medical Officer in charge for the month, and the presentation of an admission form duly completed as soon as practical.

12.—No patient shall be allowed to remain in the Hospital more than four weeks without an extension being granted by the House Committee on the recommendation of the Medical Officer.

13.—Patients shall be required to submit to the regulations of the Hospital; and no patient shall receive food or drink from any other source, without the consent of his or her Medical Officer.

14.—Every Subscriber of One Guinea shall be allowed to recommend one Patient annually; Subscribers of Two Guineas two Patients annually; and Subscribers of Three Guineas and upwards, three Patients annually; but two Annual Subscriptions of 10s. 6d. shall have the same privilege of recommendation as an Annual Subscription of One Guinea. All Subscriptions shall be due on the 1st January in each year, and shall be paid to the Treasurer; and no one whose

subscription for the current year is not paid shall be allowed to vote at the Annual General Meeting, or to recommend Patients for admission to the Hospital. A Donation to the Funds of £25 and over shall constitute Life Membership.

15.—All Clergymen and other Ministers who shall have preached and made collections in their places of Worship for the benefit of the Hospital shall have the privilege of Subscribers for one year next after such Collection shall have been paid to the Treasurer. But applicants from Parishes from which no Subscriptions have been received, in which no Church or Chapel Collections have been made, or which are nearer to other Hospitals than our own, shall not—unless with the sanction of the House Committee—be admissable to the Institution.

16.—The privileges referred to in Rule 15 shall extend to the Representatives of any contributing Society.

17.—A report of the condition of the Hospital, and statement of the Receipts and Disbursements for the past year, shall be drawn up, audited, and published annually by the Committee.

18.—A General Meeting of the Subscribers shall be held annually before the end of March, for the consideration of the Report and Accounts, and the election of the Committee of Management for the ensuing year, and also for the alteration, if needed, of any of the Rules; a fortnight's notice of such proposed alteration having previously been given to the Secretary.

19.—The Committee shall have power to make any By-laws they may think requisite for the management of the Hospital, and also to fill up any vacancies which may occur in their number in the interval of the Annual Meeting.

Report of the Committee

For the Year ending 31st December, 1928.

THE Committee beg to submit their fifty-fourth Annual Report, together with the Audited Statement of Accounts for the year ending 31st December, 1928.

During the past year there have been treated 405 in-patients compared with 431 in 1927. Of the former 17 were in Hospital at the beginning of the year. The remaining 388 being derived as follows:—Cirencester 172; Stratton 28; Kemble 23; 18 each from South Cerney with Cerney Wick and Rodmarton, Tarlton and Culkerton; Ampney 12; Cricklade 10; Barnsley 9; 8 each from Danglingworth and Chedworth; 7 each from Ashton Keynes and Somerford Keynes; Sapperton 6; 5 each from Bibury and Siddington; 4 each from Down Ampney with Latton and Poulton; 3 each from Purton, Minchinhampton and Swindon; 2 each from Coates, Duntisbourne Abbots, Elkstone, Fairford, Painswick and Oaksey. 1 each from Driffield, Edgeworth, Hatherop, Kempsford, Maiseyhampton, Poole Keynes, Preston, Winstone, Bridgwater, Estcourt, Stowell, Tetbury, Bournemouth, Hull, Dursley, Faringdon, Stroud, Coventry, Netheravon, Coln St. Aldwyns, Cheltenham, Fareham and Gloucester.

The number of days in Hospital has been 7,834 compared with 8,722 in the previous year. The average period per patient in hospital was 19 days, and the average number of beds in daily occupation 22. The average weekly cost per patient works out at £3 7s. 10d.

The number of private patients admitted, including two in the Hospital at the beginning of the year, was 65, and the number of days they were maintained was 836. The revenue derived therefrom was £603.

43 patients were admitted under the Contributory Scheme, of whom 4 were in hospital at the beginning of the year. Their days' maintenance numbered 1,134.

Out-patients attending during the year numbered 304, compared with 313 in 1927, and the number of persons treated in the Dental Department was 61.

In the X-ray and Massage Department 552 cases have been attended for Radiography, 123 for Radio-Therapy and 3,413 have received Massage Treatment.

The Committee again place on record their 'great appreciation of the services of Miss Hamper, Miss Somerville and Mr. Carter.

On the receipts side of the Financial Statement there is little that calls for comment, except that payments by patients are less by £193 than last year, the reason being that there were fewer patients admitted and less days maintenance. On the payments side salaries and wages show an increase of £200, due to illness of the Nursing Staff and consequent engagement of additional nurses to take their places. There is also an increase in the cost of food and medicines.

The Carnival Committee's contribution this year is £258, being £54 less than last year. The proceeds of the Hospital Football Competition amounted to £121, and the Hospital Ball realised £150, as against £132 last year. The Committee desire to tender their sincere thanks to the organisers of these entertainments from which such substantial contributions have been received towards the Hospital's Funds.

The Christmas Day Dinner Collection proved even more successful than in the two previous years, £301 being collected as against £238 in 1926 and £257 in 1927. A truly wonderful effort for which the thanks of the Committee are due to the Editor of *The Wilts & Gloucestershire Standard* for organising the collection and to the C.E.M.S.

and other helpers throughout the Hospital Area for distributing and collecting envelopes, and for counting and recording the contents.

Collections in Places of Worship total £211, the receipt of which, with gifts in kind, are gratefully acknowledged.

The Report of the Ladies' Linen League showed that 481 articles (an increase of 123 over last year's total) have been supplied, the estimated value of which is £117. This is a most handsome gift to the Hospital, for which the Committee are greatly indebted to the Members of the League.

Mr. Vincent Brooke has very kindly undertaken the heavy secretarial duties connected with the Employees' and Firms' Contributory Scheme. It will be readily understood how arduous a task is Mr. Brooke's when it is realised that the collection last year amounted to £695. The Committee are deeply indebted to Mr. Brooke for doing the work with such splendid efficiency.

The services of the Town Nurse and Town Midwife continue to be taken full advantage of and are greatly appreciated. The following is a summary of their work for the year :—

District cases attended	...	80
Visits paid	3529
Tuberculosis visits	156
Maternity cases	50
Maternity visits	596
Ante-natal visits	263
Health visits	1123
School visits	54
Welfare Centre	17
Daily Clinic	142

The Committee accord their thanks to Nurse Harrison and Nurse Hurst and desire to express their regret that ill-health has compelled Nurse Hurst to tender her resignation.

The special Sub-Committee appointed for the purpose has been considering very seriously during the year what steps shall be taken if the Hospital is to be kept abreast of modern requirements. The accommodation of the Hospital has increased from 8 beds to 32, while there has not been a corresponding increase in administrative accommodation, and the Committee has therefore decided to appeal for funds to enable the Hospital to be brought thoroughly up-to-date in this respect and in particular to provide additional accommodation for nurses and increased and improved administrative and sanitary conveniences.

Since the last annual meeting Mr. H. St. G. Rawlins has been appointed Hon. Secretary to fill the vacancy caused by the lamented death of Mr. L. C. Wrigley, and the Committee are grateful for his valuable services.

The Committee record their keenest appreciation of the services so freely and devotedly rendered by the Matron, Miss Chinnery-Brown and her loyal and efficient staff.

The Committee desire to add their grateful thanks to the Honorary Medical and Dental Staff for their generous and valuable services so freely given and upon which the Hospital is so entirely dependant.

It is with regret that the Committee record the death of Mr. V. A. Lawson, who for so many years acted as Honorary Architect and took a great interest in the Hospital.

A great loss was also sustained in the retirement of Mr. C. D. Kinns, who for many years ably assisted the Honorary Secretary in his work. Increasing responsibilities made it incumbent upon Mr. Kinns to retire, and his services will be greatly missed. Mr. M. W. J. Hayes has been appointed to the vacancy and has proved himself a worthy successor to Mr. Kinns.

Thanks are also accorded to the Hon. Treasurer, Mr. L. V. Moore, the Hon. Architect, Mr. A. P. Dowglass, to the Assistant Secretary, Mr. Hayes, and to the Accountant, Miss Orpet, for their valuable services during the past year.
